Have you considered how much better off you could be if you partnered with a single staffing supplier instead of several? It's worth making the switch. Here's why.

## COST SAVINGS & ACCOUNTABILITY TO DELIVER ROI

## OPERATIONAL EFFICIENCY & CONVENIENT PROCESSES

## WHAT'S THE OUTCOME?

**FILL RATE**

**OVERTIME COSTS**

When a leading manufacturer switched from several suppliers to a single onsite solution with Staff Management | SMX, we were able to implement innovative recruiting tactics as well as successful engagement and retention programs, which increased referrals and raised the overall fill rate by 115 percent. In return, due to the increase in fill rates, the manufacturer's overtime costs fell by 55 percent.
